### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: None of the prior art teaches or suggests locating the one or more regions of the video signal by randomly selecting frames of the signal, as now required by claims 1 and 16, or specifying the dimensions of the one or more regions of the video signal, as stipulated by claims 6 and 20. The prior art also fails to teach or suggest that one or more frames be fully encoded relative to unmarked frames and that one or more frames be partially encoded relative to the fully encoded frames, as required by claim 30, or that one or more frames be fully encoded relative to unmarked frames and that one or more frames be gradiently encoded relative to the unmarked frames and the fully encoded frames, as stipulated by claim 34.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-2, 6, 7-12, 14-15, 16-18, 20, 21-26, 28-29, 30, 32-34 and 36-37 (now renumbered for issue as 1-2, 11, 3-8, 9-10, 12-14, 23, 15-20, 21-22, 24, 25-27 and 28-29, respectively) are allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The patents cited on the attached form PTO-892 were cited by the applicant by Application Serial No. in the IDS filed 25 March 2001, and are therefore made of record. The other co-pending applications have also been fully considered.
